

REFLECTOR-63

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999). The prevalence of mental health problems in the UK is estimated to be 10% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems. The Department of Health (1999) has published a strategy for mental health care, which aims to improve the lives of people with mental health problems. The strategy is based on the following principles:

- People with mental health problems should be treated as individuals, with their own needs and strengths.
- People with mental health problems should be given the opportunity to participate in decisions about their care.
- People with mental health problems should be given the opportunity to live in the community.

The strategy also sets out a number of targets for the improvement of mental health care. These include:

- Reducing the number of people with mental health problems who are admitted to hospital.
- Improving the quality of care for people with mental health problems.
- Increasing the number of people with mental health problems who are employed.

The strategy is a key document in the development of mental health care in the UK. It provides a framework for the development of policies and practices in the field of mental health care. It also provides a basis for the evaluation of mental health care services.

The purpose of this paper is to review the literature on the effectiveness of mental health care services. The paper will focus on the following issues:

- The effectiveness of different types of mental health care services.
- The factors that influence the effectiveness of mental health care services.
- The challenges facing mental health care services.

The paper will also discuss the implications of the findings for the development of mental health care services. The paper is organized as follows:

- Introduction
- The effectiveness of different types of mental health care services
- The factors that influence the effectiveness of mental health care services
- The challenges facing mental health care services
- Implications for the development of mental health care services
- Conclusion

The paper will first review the literature on the effectiveness of different types of mental health care services. This will include a review of the effectiveness of community mental health teams, assertive case management, and intensive case management. The paper will then discuss the factors that influence the effectiveness of mental health care services. This will include a discussion of the importance of the relationship between the service user and the service provider, and the importance of the service user's participation in decisions about their care.

The paper will then discuss the challenges facing mental health care services. This will include a discussion of the need for more resources, the need for better coordination of services, and the need for better training for service providers. The paper will conclude by discussing the implications of the findings for the development of mental health care services.

Classes come and classes go,  
but to each of us the four years  
we spend at Griffith High School will  
be the very best ever.  
Griffith High in 1925, when the  
first class graduated  
was housed in the Franklin  
School building downtown. Things  
were different then, but  
the class of 1963  
will always recall the way  
our school is today. The teams  
we cheered, the honors we won, the fun  
we enjoyed, the knowledge  
we gained, compose the story  
of our life at GHS.  
No matter what has been done in the  
past or what will be done in the  
future, these happenings  
cannot be compared in our minds with  
those of "our" years.  
With this thought in mind we are  
proudly presenting the students of

## *ACTIVITIES*

*We*

Terry Joyce and Bill Dewell try their hand at ping pong during the noon hour. Regular tournaments were held all year.

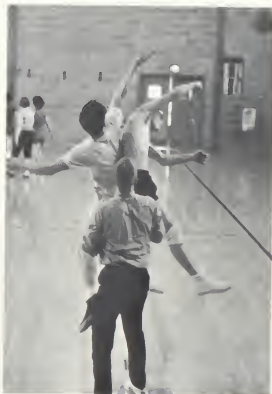

## *Enjoy Intramurals . . .*

Doug Mattix gets off a shot during an intramural game. Girls also played intramural basketball.

A jump shot called by ref Jack Strack.

The official intramural scorekeepers were Steve Kovecsi and John Seberger for this game. Rich Arney and Dave Krooswyk also were scorekeepers.

## *... and Thousands of*

The physics class set up a contest to see if anyone could guess when a wire would melt through a block of ice.

Jerry Shultz, Brad DeReamer, and Jody Stokes explain the experiment and keep an eye on the ice.

The best part of chemistry class — lab.

At noon the gym balconies are filled with game watchers, ping pong players, and dancers.

## *Other Things . . .*

We were glad to beat Highland, Gerrity, Bagan, Willer, and Elman helped.

Something new at GHS was Victor Madonaldo, an exchange student from Columbia. Vic stayed with Jim Simac for three months of the winter. He learned a lot about Americans from his stay, and picked up American ways quickly.

In the five minutes between classes, we can relax and chat for a minute before tackling that next class; as Bill Willer and Sharon Bogielski do here.

## *... Classes, Dances,*

You can tell what's going on in the game by the expressions of the coaches. Here are Jack Fulka, Mr. Leslie, Mr. Mack, Bill Fritz, and Jim Elman.

Sharon Helton and Beverly Reel take advantage of the checker games available for use at noon.

Though baseball is not a vastly popular sport at GHS, many kids who try going to the games find them just as exciting as football or basketball. Here Bill Dewell faces a Lowell pitcher.

## Clubs, Sports, and . . .

Larry Mourfield and Pam Collet won these trophies for being "Jr. Mr. Indiana" and "Miss Griffith."

A group of senior girls were caught just finishing their lunches.

Holly Dressel and Chuck Bishop at the class of '63's Prom.

Pat Bodnar, Paulette Czapl, and Janet Vestal appear to be studying diligently on their math.

## *... Just Relaxing*

The Booster Club at the Merrillville game.

The chess tournament at noon hour was organized by senior Bill Swoger, and attracted quite a few participants.

As always it was the little things that helped make this year different from all others. It was hard to find a hair-do without a bow, and girls wore mohair sweaters and frilly blouses. Boys wore pegged pants and said "It's all over." Both guys and gals danced to songs like "Big Girls Don't Cry," went to the drive-in and Romano's and in general had fun!

Mary Ann Hutson, Jamie Broertjes, Suzy Fritz, Kathy Garrard, and Sheila Stockwill were found in the cafeteria.

Couples at the GAA dance seem to be making last minute reservations.

Jeanne Hartmann, Diane Kren, Ann Perotti, and Janet Vestal have invented a new form of checkers!

The radiator at the east end of the upstairs hall was the scene of this little gathering of seniors.

Carol Berta and Mary Ellen Chutka work in chemistry class.

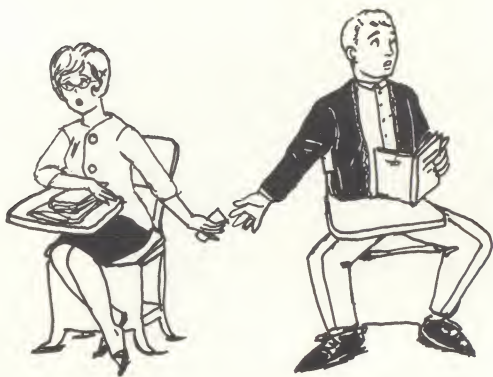

## *Classes and Homework*

Mr. Cavanaugh's sixth period junior English class.

Barbara Cremeens, Cheryl Hendrickson, and Diane Klemoff in the clerical procedures class.

*Complete the Day.*

Second year Spanish students take a test.

## *G.H.S. Celebrates Homecoming*

The five candidates for Homecoming Queen were Mary Ann Hutson, Pam Collet, Charlotte Johnson, Dian Spitz, and Susie Hoetfelker.

Braving the cold on October 25 to watch the annual Homecoming parade, GHS rooters were warmed by a gigantic bonfire and then danced at a sportswear soc-hop. The next evening spirits sagged when the Panthers were defeated by the Crown Point Bulldogs 24—12, but they were revived at a dance for students and alumni which was held after the game. The Homecoming Queen was Charlotte Johnson, who was chosen by the student body from among the four other candidates, Susie Hoetfelker, Mary Ann Hutson, Dian Spitz and Pam Collet.

Charlotte Johnson reigned happily as the 1962 Homecoming Queen.

Loyal fans braved the cold to cheer the Panthers in the Homecoming game.

Fans were warmed at a huge bonfire and the cheerleaders led a pep rally.

The winners in the float competition were first place, the juniors' "Mixing Up A Victory," second place the seniors' "I Griffith, Take Thee Victory," and third place, also the seniors' "Surprise 'Em." In the car category the junior girls' "Leave 'Em Behind" took first place, while the senior girls' "Put 'Em On Ice" captured second. The car driven by Lynda Krompack received third prize.

## Talent Show

First place was won by the "Acoustics," Pam Collett, Margaret Ryckman, Virginia Switzer, and Jane Newhard, for their rendition of three songs which they composed.

There were sixteen acts in this year's talent show, which was held on February 6. Aside from the ones pictured here, LuVada Coffing, Nancy Goffredo, Susan Tom, Linda Pauch, Don Allen, Steve Bistrow, Carol Berta, Kathy Grygar, Winifred Francis, and Karyll Koselke also participated.

"Rock and Roll Drums" composed and played by Dave Blanchard, brought him the second place trophy.

Marlene Finnie sang "Moon River" and won the third prize.

Charles Butler, Lee Grogg, Tom Zalac, and Don Parkhurst did an imitation of one of President Kennedy's news conferences.

Jim Tarka and Bill Kollada played an accordion duet.

Terry Sannita played a medley of songs on the piano.

Bill Minninger played an organ medley which included "Am I Blue?" and "My Blue Heaven."

G.A.A. president Jackie Cook and escort Bill Swoger led the grand march along with vice-president Linda Sfichster and her escort, Carl Siurek.

## *G.A.A. Presents Holiday Dance*

*"Wonderland by Night"*

Freshman Gary Roe helps his date Sandy Biederman on with her coat as they leave their first G.A.A. dance.

The dance theme "Wonderland By Night" was portrayed by a miniature city constructed on the stage by the seniors.

A couple at the dance, Mark Sands and Cathy Van Horsen are served punch by Candy Parish.

Pardon our backs, but it's all a part of the grand march!

Brad DeReamer and Nasha Rygas enjoyed dancing to the music of Teddy Michael's orchestra.

Saturday, December 15, was the date of the annual G.A.A. formal dance "Wonderland By Night". The dance was held in our own gaily decorated gym and the music was presented by Teddy Michael's orchestra. Refreshments were served in the decorated cafeteria.

The G.A.A. president, Jackie Cook was presented with roses and led the grand march along with the other G.A.A. officers.

## *Cadet Teachers Prove Helpful*

Several teachers at our school are helped with duties by a group of able students known as cadet teachers. These cadet teachers gain valuable experience by assisting the teachers in such tasks as grading papers, giving individual assistance to pupils, or even conducting classes.

Most of these cadet teachers hope that by this useful experience and a college education, they too can form a career in some form or field of teaching.

## *Assistants Are Handy in Office*

These girls are seen every day busily working in the office or in the halls carrying papers. They perform many duties such as typing, running off material on the mimeograph machine and delivering the daily absence report. # 11-5 Baseball Season Ends 1962 Sports Year

Looking toward a rebuilding year in 1962, baseball coach Felix Zabroski was pleasantly surprised. He had only four returning lettermen to start with: Steve Stiglitz, Ted Kinsey, Gary Wools, and Dave Price. With the help of several sophomores inserted into the lineup, the Griffith "stickmen" finished with an impressive 11—5 record for the season. They were 7—4 in the Calumet Conference which was good for a tie for third place. Ted Kinsey, with a 4—2 record was chosen as an All-Conference pitcher. Gary Wools earned the Most Valuable Player award, while Bill Dewell took the RBI trophy. Dave Price, the Most Improved Player, received the award for the highest batting average.

Bill Fritz hurls to catcher Brad DeReamer against a Lowell batter.

## *1962 Panther Track Team Places Fifth in Calumet Conference*

In 1962 the Griffith High School Panther thinclads garnered fifth place in the Calumet Conference. The Panthers were led by senior Bob Mills, who set a new school record of 6' 3" in the high-jump. Bob Funk and Dan Jordan captured first places in the pole vault and the half-mile at the Calumet Conference meet. The majority of team points were scored by Funk, Jordan, Mills, and Ron Stansell.

## Harriers Boast Good Season

**FRONT ROW:** Don Harmon, Dan Tom, Chuck Butler, Jim Pollock, Mark Kender, John Collet, Bob Kennedy.  
**SECOND ROW:** Dave Spurling, Terry Williams, Cleo

Keen, Rog Kosteba, Tim Hess, Paul Gatlin, Terry Crowe, Coach Archer.

In the fall of 1962 Griffith watched Coach Carl Sanders head-off for duties at E.C. Washington after many years of fine coaching. They then welcomed new coach Mr. Bill Archer.

Coach Archer led the harriers to a 6—7—1 season. Also the Panther runners were able to finish 14th out of 24 teams in the Hobart Invitational and 6th out of 24 teams in the Conference meet. The whole season was marked all year with good balanced running and with especially remarkable performances

from freshman John Collet. John ran under eleven minutes all year and when sectional time came up he won, and in doing so set a new G.H.S. record of 9:33.2, previously held by Dick Greene.

Senior captain Terry Williams also ran under ten minutes in the Conference meet. Next year should be even more promising for Coach Archer with many of the boys coming back. Especially young John Collet.

*KNEELING:* Ron Govert, Mike O'Halloran. *STANDING:* Earl Govert, Dave Blanchard, Coach Reed, Kieth Davis, Bill Starek.

## *Golf Team Posts 7—2 Record*

The golf season was expected to be better than average in '62, with the return of five lettermen. The returnees were Dave Blanchard, Earl Govert, Ron Govert, Bill Starek, and Mike O'Halloran. With Lake Hills Country Club as their home course the Panther golfers were able to compile an overall record of 18—11 in 1962. Although not winning the conference, the divotmen also had a record of 7—2 in Conference play.

The Panther's only two losses in Conference play

were at the hands of Highland and Dyer. Low score of the year was a 39, recorded by Dave Blanchard. Dave also had the only eagle of the year, recorded on the Par 5, 15th hole, at Lake Hills Country Club. The high point of the 1962 season was the upset victory over the powerful team of Crown Point. Coach Reed can look forward to an even more promising year ahead with the entire starting five of '62 returning in 1963.

## Administration

The members of the Griffith School board with Dr. Schilling are Mr. Jesse E. Sheets, Mr. R. O. Regnier, and Mr. Ira J. Roberts.

Leaving his former position as principal of the University High School, Bloomington, Indiana, two years ago, Dr. Paul Schilling moved to Griffith to accept the position of Superintendent of the Griffith Public Schools. After receiving his B.S. from Huntington College, and his M.S. from Indiana University, he was awarded his doctorate degree in education in 1960 also from Indiana University.

He began his career in education teaching math, science, physical education, and was at one time coach in Elkhart, Indiana. He also served as principal at La Grange County and at Paoli in Indiana before receiving the position in Bloomington, Indiana. He holds memberships in Indiana State Teachers Association, National Education Association, National Association of Secondary School Principals and also is a member of Phi Delta Kappa.

With a change in the school administration, Mr. Forrest Sheely accepted the position of principal at Griffith High School. Although he has only been here for a short time, he enjoys the extremely fine student population, the excellent school morale, and a competent staff. The size of our school pleases him because it is large enough to implement a sound educational program and small enough to enable personal contacts with the faculty and students.

He attended Canterbury College to receive his B.S. degree. At Indiana University he worked towards his M.S. degree and his M.A. degree was awarded to him from the University of Alabama. Before coming to Griffith he held the position of principal at three high schools, La Crosse, Indiana, where his original home was, Momence, Illinois, and Ramsey Air Force Base, Puerto Rico.

Mrs. Evelyn Downing, Secretary to the Principal, and Mrs. Lois Foltz, Bookkeeper, help the administrators and the students.

Mrs. Kane and Mrs. Otvoos are secretaries to the Superintendent.

As Director of Guidance and Dean of Girls at GHS, Mrs. Cecile Warner is willing to lend a helping hand. Besides revealing extensive information to those college bound students, she puts forth time and effort to find job opportunities for our students and also helps them in choosing careers.

For thirteen years Mrs. Warner, who was born in Bridgeport, Illinois, has held these two positions at GHS. She was graduated from Okemah High School in Oklahoma and after finishing high school studied for a while at East Central State Teacher's College in Ada, Oklahoma. She then transferred to Ball State Teacher's College.

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1.1 million (Office for National Statistics 1999).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out a vision for the future of older people's health and care. The strategy is based on the following principles:

- Older people should be able to live independently in their own homes for as long as possible.
- Older people should be able to access the services and support they need to live well.
- Older people should be able to participate in the decisions that affect their lives.
- Older people should be able to live in a safe and secure environment.

The strategy also sets out a number of key objectives for the future, including:

- To reduce the number of older people who are in long-term care.
- To improve the quality of life for older people.
- To ensure that older people have access to the services and support they need.
- To ensure that older people are able to participate in the decisions that affect their lives.

The strategy is a key document for the future of older people's health and care in the UK. It sets out a vision for the future and provides a framework for the development of policies and services.

the 1990s, the number of people in the UK with a long-term condition has increased by 50% (Department of Health 2000).

There is a growing emphasis on the need to improve the quality of life of people with long-term conditions. The Department of Health (2000) has set out a vision of a new paradigm of care for people with long-term conditions, where the focus is on the person, rather than the condition. This vision is based on the principles of self-management, where people are encouraged to take control of their own health and well-being. Self-management is a process that involves people working with their healthcare professionals to develop a plan for managing their condition. This plan should take into account the person's needs, preferences, and lifestyle. Self-management is a key component of the new paradigm of care for people with long-term conditions.
